

our story

“What a difference one soul can make,” Beth, the founder and CEO of Whole Latte Love Café (WLLC), says. “Psalm 139 tells us we have all been *fearfully and wonderfully* made.”

Beth and her husband, Scott, are the proud parents of three daughters. Caroline, the youngest, is a person with disabilities. “Our lives have been forever blessed by Caroline and we believe that her purpose is to bring people together.”

“My main goals are to

create hope for other

families, provide a path

towards independence

and employment for

other transitional adults

just like Caroline, and

promote the concept

that we are all more

alike than different.”

Inspired by Caroline’s love for serving others, Beth, an advocate for inclusion and change, worked tirelessly to create WLLC. This supported employment service is a paid training option, available for adults with disabilities transitioning after graduating high school to the workplace.

At WLLC, associates are introduced to a variety of vocational services such as soft skills, volunteer opportunities, time and money management, computer skills, and more — all in a cheerful, bustling retail coffee shop in the heart of North Canton.

WLLC provides community enrichment, promotes equal opportunities and focuses on decreasing dependency on public funding.
